

MARITIME FORCE PROTECTION SERVICES

MALAYSIA

Maritime security threats that include piracy, terrorism and armed robbery in the Straits of Malacca, the Straits of Johor leading to the South China Seas towards the Sabah region is a prime concern for vessels plying through the waters of Malaysia. These threats are a serious concern for seafarers who are constantly targeted by pirates, terrorist and armed bandits who thrive on vessels, personnel and the cargo they carry.

As such, we provide armed sentries for all vessels plying through the Straits of Malacca within the Malaysian waters and the South China Sea towards the Sabah region. We provide uniformed sentries trained in anti-piracy and terrorism and provide armed and non-lethal weapons for all vessels.

Our company is an accredited security firm based in Malaysia and approved for maritime force protection by the Ministry of Home Affairs of Malaysia.
